

August, 2020 GOSPEL OF GOD MINISTRIES

I hope this small note finds you growing and maturing in the grace of the Lord Jesus Christ. Let me be honest, my heart is broken and saddened by what is going on in America. The above picture, on the left, is Raleigh in 2019 compared to, the picture on the right, Raleigh, NC 2020. In 2019, the streets were full of people enjoying a local festival. In 2020, plywood and graphitti line the streets where people once gathered.

Nevertheless, I am rejoicing on the inside because when it gets the darkest the Gospel can shine forth like a light streaming from a lighthouse out into a dark night. Now is the time to pray, fast, share the Gospel, and to seek God's face on behalf of the individual souls that live in this Nation. In this newsletter you will get a brief harvest field report, you will be introduced to our new leader Ken Cheesesman, and get a part of my article on discernment. [Monthly champion](#) partners will receive this full piece in August.

I was reading through the book of Daniel 2: 14 it states, "Then Daniel replied with discretion and discernment to Arioach" We need people of discretion, discernment, and boldness. Daniel 3:18 states, "But if not, be it known to you, O king, that we will not serve your gods or worship the golden image that you have set up."

Discretion, discernment, and boldness in the heart of a Christian could serve as an impenetrable shield as we live in a God hating culture.

Knowing how to be as wise as a serpent but as gentle as a dove is the type of discretion that is needed. However, if you have discretion but don't have the boldness to use it what good is it? Pray that God would give us all Holy Spirit boldness in this godless day and age. I briefly want to talk about three types of discernment we see in scripture during cultural collapse.

Psalms 2:3-4 states, "Let us break their chains and throw off their shackles. The One enthroned in heaven laughs; the Lord scoffs at them." When leaders think that the rule of law that protects private and public property is a chain that binds them and they want to throw it off. It shows they cannot discern between good and evil. It is time for the Christian to set the example and to call out evil and to proclaim what is good. What is going on in the streets of Seattle, Chicago, and Portland shows that the elected leaders can either no longer discern or they do not care. Allowing young people to roam the streets at night and destroy federal and private property without consequences is not good. These are not peaceful protesters they are anarchists. The prophet Isaiah 5:20 states, "Woe to those who call evil good and good evil"

Psalms 119:66 states, "Teach me knowledge and good judgment, for I trust your commands." Christians need to pray that God would give us discernment because we believe in His universal word. We need to be praying for our leaders to have discernment and that God would remove those who cannot discern between good and evil. We need to pray that God would expose their evil for voters to see. We need to pray justice to be applied to all ethnic groups, police, and court systems. The Gospel is the answer.

***And let us not grow weary of doing good, for in due season we will reap, if we do not give up.
Galatians 6:9***

Discernment And Discretion Is Needed

Daniel 2:14 states, "Then Daniel replied with discretion and discernment to Arioch, the captain of the king's bodyguard, who had gone forth to slay the wise men of Babylon." Discernment can be given to Godly people in very hard and stressful situations we can relax and trust God to provide when we need it the most. When the pressure is on God the Holy Spirit will show up and give discernment. No matter how stressful the time, God will give what is needed to discern between good and evil and right and wrong.

Giving us the needed courage to move forward and to speak the truth of deliverance from sin through Jesus. When the people of God stand in the hard times God can bring a revival to the church and awakening in the culture. Now is not time for weak men and women of God. Gather your strength from the time you are spending with the one true living God in prayer and constant communion through reading and reflecting on His word through memorization. No one is perfect but we all need to put aside these trivial things that can easily ensnare us, and do the work of prayer and being bold for Christ's sake. I leave you with the words of Jesus. John 9:4 states, "We must work the works of him who sent me while it is day; night is coming, when no one can work." Go and proclaim the Gospel to see a life transformed.

Ken Cheeseman—Our New Leader

Hey guys! I am super excited to be a part of GGM! Kristina and I have four children. Megan (22), Madison (19), Mathew (16), and Micah (13). I have previously served as an elder in a church in Florida for 5 years and have been the deacon of evangelism at my local church for the last 5 years. Please pray that I can be a faithful husband and father, leading my family in the fear of the Lord.

How long have you been walking with Jesus and how did you come to the point where you started to open air?

God saved me when I was 17 years old. None of my family were believers so my first few years were rocky to say the least. Once Kristina and I were married God really convicted us that we should be sharing the gospel with as many people as possible. We basically practiced "friendship evangelism" since we had no real training in how to share our faith. Even with our lack of training God used our efforts and saved co-workers and family members. In the last few years our understanding of evangelism has become more biblical and enjoyable. Within the last year we wanted to focus on abortion ministry and met Zack Braddy and Scott Smith. Proclaiming the Gospel

Zack really challenged us with his boldness and being unashamedly Christian at the abortion mill. Scott made open air preaching downtown fun and exciting. Now with training from Tommy and being consistent weekly at the abortion mill we have seen God use and grow us in amazing ways!

What is one of your experiences while open air preaching and why it is needed?

One of the most amazing experiences that I see consistently, is God changing the hearts of people. One minute they are arguing for the right to murder their child and the next minute ... Read Ken Cheeseman's full article by becoming a [monthly champion](#).
