The picture above is a team from Mercy Hill Church. To the far left is Carlos. We are producing a mini documentary on his testimony called “From the Alley To The Kingdom.” We hope it will encourage many to come and trust the one who can give true freedom- Jesus. You will find it on our YouTube page this September.

In this article, you will get a harvest field update, a little more detail about our travels out west, learn a little more about Carlos' artwork and testimony, and a conversation I had with a guy who thought he was Jesus. Oh boy!!

A little more about our time out West. We got to California, we spent time having dinner with the core team at The Hill Church in La Mesa, California which is about a ten minute drive from San Diego. We encouraged them and prayed for them to remain faithful to our great King Jesus. Pastor Jimmy drove me around and showed me the neighborhood and the type of people they are reaching. They have a mix of middle upper class, apartment complexes, and a heavy immigrant population nearby. La Mesa is a mix of ethnic groups and religious groups.

August 2021

Before I share more about La Mesa and The Hill Church. I must share about our first stop in Arizona, The Grand Canyon, it really is grand!! This above picture is just a glimpse of the vastness of this canyon. Take in the creative power of our amazing God. My family and I spent two days with pastor Anthony's family exploring the Grand Canyon. It will be something we will remember forever.

Now back to La Mesa, I had the opportunity to have coffee with Manny, a young evangelist. As he shared his passion for Jesus he asked me what were some of the characteristics of an evangelist. I shared a few characteristics and tears streamed down his face and he stated, "you understand." I will be training Manny through one of our curriculums in Open Air Preaching.

We left La Mesa and worked with Mercy Hill Church in Phoenix, Arizona. There I trained on how to answer common objections, and then went to lunch with some of the younger people from the church. Some shared their testimonies how the Lord radically transformed them from a life of drugs to passionate followers of Jesus. Pray for both Manny and James as we begin discipling these two young men.

From The Alley To The Kingdom

Carlos is a graffiti artist who once lived in an alley in Phoenix with his son for a year. However, then the Lord saved him through the constant Christian compassion and sharing of Jesus from Med Skeens. His story of how he painted an entire alley and how he came to know Christ will be on our YouTube page in September.

We are doing a small documentary on his story. Carlos has also painted the wall on the property of Mercy Hill Church and this time my family and I got to be a part of helping Carlos artistic expression come to life- we filled in a few flowers he outlined for us. Continue on the back page....

We now have ten leaders at Gospel of God Ministries. The potential new evangelists are being trained and they could make great leaders. Please pray for us, them, and the elders as they go through the discipleship process. That all involved would have wisdom and discernment determining who would be a good fit for our team here at Gospel of God Ministries.

We range in our gifts and backgrounds from a PhD, to pastors, and the rest are just passionate evangelists sent out from their respective churches. Our leaders including me have covered Florida, South Carolina, North Carolina, New Jersey, Arizona, Utah, Nevada, and California this year so far.

We want to see an evangelist raised up in every healthy church in America. This Nation needs the transforming work of the Gospel. This is the only thing that will take away all the scars of sin that plague this sin drenched Nation. Please ask God to give our leaders boldness and clarity as we share the Gospel of Jesus Christ with the broken world.

Where We Are Training

We will be having various workshops that you can attend if we are in your area. I will be leading an evangelism workshop in Myrtle Beach, SC in August and an additional workshop in New Jersey and New York. In September I will be teaching our curriculum on the top five common objections in Jupiter Florida.

October I will be teaching our curriculum on cults and false beliefs in Cayce, SC. In November I am scheduled to teach the cults and false belief curriculum in Mozambique, Africa. They are in COVID-19 lock down, pray it would lift.

Luke 4:23

And the master said to the servant, 'Go out to the highways and hedges and compel people to come in, that my house may be filled.'

Oh Boy Here We Go

My family and I were grabbing something to drink in a coffee shop right outside the Grand Canyon. We were with Pastor Anthony and his family from Phoenix, Arizona. Anthony, came over and said, “Tommy, I just met a man who thinks he is Jesus from California.”

This did not surprise me. I have run into people like this over the years. My lovely wife said, “go share the Gospel with him.” I responded, “Melanie, this man is crazy.” She just gave me that look. Whenever my wife gives one of “those” looks I know what she is trying to communicate. I stood up and determined to go over ask questions and to listen to this image bearer of God regardless of how crazy he may be.

A Man Who Thought He Was Jesus Continued..

I reluctantly went over with pastor Anthony to meet this poor confused soul. It was confirmed really quickly he had a mental disorder; however, I was able to share the truth about Jesus dying for sin, resurrecting on the third day, and now he is sitting at the right hand of the father waiting to return. Unfortunately, he did not come to believe. He tried to convince me and Anthony that Jesus was standing right in front of us. Then he went over and shared with our families that he was Jesus. I challenged him from the story of Nicodemus in John 3. The coffee shop manager actually asked him to leave.

From The Alley To The Kingdom Continued..

Carlos’ story will encourage every Christian. This is the second Mini-Documentary that Gospel of God Ministries has produced. It is our hope to make documentaries that will help bring awareness to the God who is still transforming lives. Our first was the ministry of witnessing at our local Abortion Mill. Obedience will always produce fruit. Hopefully this is what our Mini- Documentary will produce.
